Why Support the Taste of Shreve Gator Cook-Off

Each year, the members of the Captain Shreve Z Club serve their school and community, both locally and internationally, by donating thousands of service hours. However, time is not always enough to best serve, and funding becomes necessary. The Taste of Shreve Gator Cook-Off provides the income and supports all of the club's endeavors. With the proceeds from the Cook-Off, Z Club hosts an annual Christmas and Easter Learning Festival for up to over 100 inner-city students at a local elementary school. The group also supports various academic programs at Captain Shreve High School such as the Academic Rally. Z Club hosts an annual Teacher Appreciation Breakfast and provides cookies each Wednesday for the faculty and staff to show our gratitude for their hard work.

Z Club also raises funds to support International Service projects. In the past, a $700 donation was made to the Dignity Project in Kenya, $300 to the Women's Aid Organization, over 100 Christmas bags for Kanakuk Haiti, $500 to the Red Cross disaster relief in the Philippines, and numerous boxes of items were sent to the troops serving overseas.

Closer to home, Z Club sponsors the Gators for Good Community Carnival each year. Since its beginning in 2012, donations of over $200,000 have been made to former alumni, staff, and students from Captain Shreve that have faced serious medical situations. The Captain Shreve Z Club wants your support to raise funds and continue the great service they offer to the community, both close to home and abroad. Please give serious consideration to supporting this very worthwhile project.
