

Growing Food in Space

Me and My Special Adult Event

"We put STEM learning into orbit."

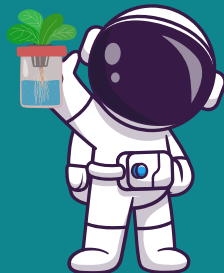

Preschool age children and their special adult are welcome to the Challenger Learning Center!

Did you know that astronauts have been growing food in space since the 1980s? Astronauts today rely on hydroponics to grow food in space. Come be astronauts with us while we grow lettuce using our hydroponics system!

What you will learn:

- Growing with hydroponics
- From seeds to plants
- The pH of water
- The plant cycle
- Hydroponics in space

Age: Preschool (3-5 years old)*

Registration: Limited to first 15 registrants

Cost: \$100 per child

Duration: Five weeks

*Each child must be accompanied by their special adult for the duration of the events.

Program Details

Location: Challenger Learning Center

Duration: Five Weeks

November 22, 2024 10 AM - 11 AM

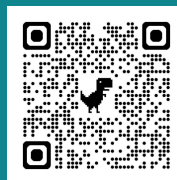

December 6, 2024 10 AM - 11 AM

December 13, 2024 10 AM - 11 AM

December 20, 2024 10 AM - 11 AM

January 3, 2025 10 AM - 11 AM
